

AZONColor Certified Inks for HP Designjet Printers

AZONColor -A Trusted Name

AZONColor, one of the most recognized and trusted names in the technical and color graphics business is proud to offer an expansive line of high quality, fully compatible ink replacement products for HP Designjet printers. Manufactured in the USA, AZONColor replacement inks and cartridges are designed and tested to work seamlessly to deliver professional quality results. AZONColor inks use the same DuPont pigments as the HP OEM version to produce excellent color matching and adhesion.

Positive Environmental Impact

AZONColor ink cartridges offer a major environmental benefit by utilizing the National /AZON Equipment cartridge recycling program available at www.AZONequipment.com. The recycling of ink cartridges helps save our environment by reducing the amount of plastic and metal waste deposited in landfills. Over 70% of the used printer cartridges throughout the world currently result in environmental waste. Every remanufactured AZONColor cartridge saves over 1.5 pounds of metal and plastic waste from being deposited in landfills!

Quality, Reliability and a Solid Guarantee

AZONColor replacement inks will provide consistent reliability and the exceptional value you have come to trust with AZONColor products. All AZONColor replacement inks are manufactured to ensure the highest level of print quality available today, and all products are ISO9001 certified. Every AZONColor ink cartridge is backed with a solid 90 Day Money Back Guarantee which certifies that AZONColor ink will not harm printheads.
